

Week of July 15-19

A Note from the Teacher

Hello parents/guardians!

What a wonderful week it has been getting to know your students! I wanted to let you know a few things before beginning the year:

I will be using the Remind 101 App as a form of communication. This is an easily downloadable app. In the blue Friday Folders, I have included directions for signing up; however, you may also use the link below:

remind.com/join/6eafbea

I also created the sign up for volunteers willing to file Friday Folders. Any help offered is GREATLY appreciated. The sign up link is: <https://www.signupgenius.com/go/8050948ACA92DA0FB6-volunteers>

I also wanted to remind you that students have snack time, so they are encouraged to bring a small snack and refillable/reusable water bottles. Because we're in the cottages it is always a good idea to keep a rain jacket or umbrella in your student's backpack. Any forms I have not yet received please send them in on Monday! Please take the time to look through Friday Folders. There is important information in them such as the BYOD Contract and D.C. t-shirt forms. Starting next week, I will have the students

get their agendas signed by parent/guardian each night and check them various times of the week for students to earn Clipper Cash. There are a few things the classroom is still in need of. Attached to the newsletter is a wish list, if possible we need individually wrapped snacks for forgetful times or emergencies. On Monday's, the students will always report directly to specials in the morning - please remind your student we will have **STEM Monday** and to go straight there. Again, I am super excited for a great school year ahead. As always, if you have any questions or concerns email me/Remind message me and let me know! Have a happy weekend!

Sincerely,
Miss Parker

A Glance at the Week
