

Week of August 26-30 A Note from the Teacher

Hello parents/guardians!

I hope everyone had a wonderful week. This week we'll start learning new division strategies in math. We are continuing reading Esperanza Rising. The students will continue reading towards their GOALS through the weekend. **Remember, Sunday night (8/25) the students will finish their two-week reading goal. On Sunday night you and the student should reflect on the process of whether or not the student met his/her goal. The students will turn in these GOAL sheets on Monday (8/26).**

This week we celebrated math GOALS. The students should have brought home their GOAL certificates. Please continue to work with your student on multiplication and division math facts. We also discussed that students should have eight DreamBox lessons done by the end of each week (Friday). Students have time to work on DreamBox during the week in school; however, please encourage DreamBox at home.

Don't forget that any student that is writing the Wreath Laying Ceremony Essay should have it turned in by August 30th.

Please remind your student we will have **STEM Monday** and to go straight there in the morning. As always, if you have any questions or concerns email me/Remind message me and let me know! Have a happy weekend!

Sincerely,
Miss Parker
